

*The first name in Rooftents,
Retractable Awnings, Fridge Sliders,
Roofracks and Accessories
- the last word quality*

AFRICAN WILD DOG also known as THE PAINTED DOG is South Africa's rarest carnivore and one of the World's most endangered canines. It is estimated that there are between 4,000 and 5,000 of these dogs in small packs of approximately 10 animals roaming across the plains of Africa in the Wild and most of these are in protected areas e.g. Game Reserves.

A revolutionary cutting edge advancement in expedition style rack design. The K9 System is engineered and manufactured at the Eezi-Awn facility. With over 35 years of experience in the expedition market accross the globe, Eezi-Awn knows what is necessary in a rack and what will take it to the next level.

The K9 Roof Rack System is thinner, stronger, more functional, aerodynamic and made to last.

Spade Cradle

Travel Cover

Series 3 and Top Rooftent Features

Windows and flysheets are held up by spring steel rods

Two handy elongated internal pockets

Large windows with Internal privacy panels, and zip-up flymesh.

Velcro on bottom flap seals off tent completely against insects

Elastic internal bungy systems helps in closing the tent

Aluminium rods keep the flysheet off the tent for better ventilation. Plastic clips allows flysheet to be easily removed.

Built-in air-vents allow for extra ventilation

Stainless steel inserts add strengthening for flysheet and canopy spring steel support rods

Double stitching throughout increases durability

Eezi-Awn's Series 3 Rooftents are supplied complete with a DIY installation kit which simplifies the fitting of the rooftents to roof racks and loadbars.

Optional extra fitted sheets are available for all Eezi-Awn roof tents.
